A NOTE FROM GILMORE

Is Said to Have Been Received at the Headquarters of Luna.

IN ANOTHER CONFERENCE.

The Filipino Leaders Come to General Otis With a Proposition Very Similar to the Former One For Cessation of Hostilities

Manilla, May 2.—The first authentic information regarding Lieutenant J. C. Gilmore and his party of 14 men from the United States gunboat Yorktown, who were captured by the Filipinos on April 12, was received at the hands of Major Arguelles of the chief of staff of General Antonio Luna.

It is in a form of the list of the missing men and signed by Lieutenant Gilmore. The lieutenant reports that he and his party have been brought across the mountains from Baler, where they were captured.

This information was brought in response to a note which Major General MacArthur sent to General Luna by Major Shields and Lieutenant Hayne, and which those officers, bearing a flag of truce, carried across General Luna's lines. The note after asking for information regarding American prisoners in General Luna's hands, concluded with the message that he (General MacArthur) would be pleased to meet General Luna.

Major Shields and Lieutenant Hayne found a span of the railroad bridge a mile from St. Tomas broken.

The officers left 10 days' provisions for the prisoners on a hand car at the railroad bridge, placing the car in the keeping of the Filipinos, whose conduct throughout the various negotiations has been all that could be expected of a civilized nation. Refugees report that the Filipino army is deserting San Fernando and massing at St. Tomas, where General Luna's headquarters are located, and that strong entrenchments are being constructed at the sides of the railway and on the swamp's front in the best possible positions.

Men of the United States signal corps have established telegraphic communication with Major General Lawton, who is advancing in a westerly course.

General Lawton lost one killed and two wounded near San Rafael, where he strongly entrenched himself. General Lawton is marching on Balnag, where a large body of Filipinos has been congregated.

ANOTHER CONFERENCE

Between the Filipino Leaders and General Otis at Manila.

Manilla, May 2.—Major Manuel Arguelles and Lieutenant Jose Bernal of the staff of General Antonio Luna returned here to renew and express the request of General Luna for a cessation of hostilities.

They have found the field of labor a most uncongenial one. The two officers were received in conference by Major General E. S. Otis. The proposals which they had to submit differed but slightly from those which they brought from the Filipino commander in the first place. They desired a little time in which to summon congress and expressed themselves as being confident that the congress will decree peace, because the people desire it.

They represent that Aguinaldo is without power to surrender the army, and that the congress must decide that question.

Incidentally, the Filipinos' envoys asserted that Aguinaldo had not yet made a fair test of his strength against the forces, because only one-third of his army had been assembled together.

The envoys presented a letter from Senor Mabini, president and minister of foreign affairs in the cabinet of Aguinaldo, and who is the backbone of the Filipino organization. The communication is personal and unofficial and seconds Major Arguelles' arguments.

The envoys will see General Otis Wednesday. They will sleep in Manila. They lunched with General MacArthur at his headquarters on a car of the armored train at Calumpit before going to Manila.

Whether or not General Luna is sincere in his overtures, the negotiations are giving the insurgents a much needed opportunity to rehabilitate their demoralized forces. The truth is that dissensions among the leaders of the insurgents is helping on the disorganization of the Filipino army almost as much as the American campaign.

In the course of the conference with the Filipino envoys General Otis agreed with the statement of Arguelles that the people of the Philippine islands wanted peace, and he added that requests for protection are pouring in upon him from all parts of the country.

SHOTS EXCHANGED.

Grain Shovelers' Strike at Buffalo Results in a Bloody Conflict.

Buffalo, May 2.—William H. Kennedy, a relative of James Kennedy, one of the grain contractors, was shot in the right breast and badly injured, and James J. Hennessy, a fireman, was shot in the left breast.

The shooting occurred at the foot of Main street, and is said to have been done by a man named Skinner, who, with about 20 others, is under arrest. The trouble was caused by the grain shovelers' strike.

Chicago Leaves Azore Islands.

Ponta Delgada, Azore Islands, May 2.—The United States cruiser Chicago, after having spent four days here on her cruise to Africa, by way of the Suez canal, sailed away. During the stay of the cruiser at this port she was visited by all of the local civil and military officials, who paid their respects to Rear Admiral Howison. Vice Consul Auguste Noreira escorted Admiral Howison to the chief places of interest in the vicinity and to the chief places of interest in the vicinity and to the palace gardens and theater. The band from the Chicago landed on Sunday and played in the municipal park, their performance eliciting a hearty applause from the public.

Do Not Enslave From Aginaldo.

London, May 2.—Representatives of the Filipino junta say that they have received a telegram from Aguinaldo dated April 30 in which he states that his government has nothing to do with the present peace negotiations, which he asserts are being conducted by a group of half-castes and Creoles who are anxious for peace, in the expectation of getting high offices under a new government. Several of these men, Aguinaldo says, are members of the Filipino congress, where they are endeavoring to outvote him. Aguinaldo added that he had no direct negotiations with the Americans since the fall of Malolos.

Referred to the Pope.

Washington, May 2.—The following memorandum was given out for publication at the state department: "The strained relations existing between the republics of Haiti and Santo Domingo caused by a dispute over the boundary line between the two countries is in a fair way of settlement. The whole question, with others involved, is to be referred to the Holy See, Pope Leo XIII, at Rome, to adjust. The statement that each country was marching troops on the frontier is untrue."

Combine of Steel Interests.

New York, May 2.—The Times says the rumors of an immense combination of steel interests are practically confirmed by John W. Gates, president of the American steel and wire company, who returned from a European trip on Saturday. The combination, unless the present plans of the promoters are changed, will include practically all the big concerns of the country, and will have a capitalization of between \$700,000,000 and \$800,000,000.

Message From Dewey.

Washington, May 2.—The following cablegram has been received from Admiral Dewey, at Manila, by the navy department: "I can not get further information concerning Gilmore now. As soon as this information is obtained I will telegraph. Information reached me from Guam, dated March 20: 'Inhabitants are quiet and contented under the United States flag.'"

HOLDING FOOD SUPPLY

Situation in the Samoan Islands Is Regarded as Serious.

DEFENSES WELL ERECTED.

Inspection of the Battlefield Near the Home of Late Robert Louis Stevenson Shows the Enemy Were Fully Prepared.

Wellington, New Zealand, May 2.—Advices from Samoa indicate that the instructions received from the powers to cease hostilities makes the situation in the islands very serious as the rebels hold the main food supplies and are again near the municipality of Apia.

A correspondent thinks it is evident that the home authorities have misunderstood the situation in Samoa. The Germans and rebels are already jubilant, and claim a victory over the British and American forces.

The correspondent says that unless the rebels are made to submit the difficulties will remain unsolved. The white people in the outskirts of the city are at the mercy of the rebels.

The American vice consul's store at Fafila was looted last week, while a German store adjoining it was left untouched. British and American residents strongly condemn the action of the powers in ordering a cessation of hostilities at this state.

Two days after the last battle at Vailima, Lieutenant Ramaul of the British cruiser Porpoise marched his brigade into Vailima unopposed, and was followed by a company of British bluejackets under Captain Sturdee and Lieutenant Cave.

Inspection of the battlefield shows the defenses erected by the rebels near the home of the late Robert Louis Stevenson were strong and well planned. The loss sustained by the rebels, it is evident, was much greater than it was at first supposed. The main section of Mataafa's followers who were engaged in the battle of Vailima retreated westward to Lulumaonga, where they lay in wait for friendlies. Orders have been given them to capture Lieutenant Gaunt's head. The rebels were also anxious to secure the superior weapons with which his brigade is armed.

It is rumored that 13 boats filled with armed rebels are approaching from the east. The town appears to be safe.

Not Such Elaborate Exercises.

Washington, May 2.—The bodies of 252 of the soldier dead brought from the battlefields of Cuba and Porto Rico by the steamer Crook were interred at Arlington cemetery with military honors. The ceremony was identical with that had on the occasion of the interment of the bodies brought by the Crook on her first trip about a month ago, but neither the president nor the members of his cabinet were present as on the former occasion. The military display was less elaborate and the crowd much smaller.

To Raise a Mortgage.

Dover, Del., May 1.—The trial of Representative Mark L. Davis, charged with offering Francis H. Lattomus, a fellow member, a bribe to vote for John Edward Addicks for United States senator at the last legislature, began here. The first witness called was Mr. Lattomus. He testified to a conversation between him and Davis, during which the defendant agreed to lift a mortgage from the witness' farms in return for his vote for Mr. Addicks. Mr. Davis denies the assertion.

Carnegie's Bid Barred Out.

London, May 2.—Mr. Cecil Rhodes of the Cape-to-Calro railroad company referred to the fact that tender for the construction of 250 miles of Rodesian railways had been made from America, and added: "I found by far the lowest tender was an American firm. Carnegie's bid, fortunately, was not in order, and so we were able to give it to our own people." This statement was greeted with loud cheers.

On the Retired List.

Washington, May 2.—Paymaster General Stewart, United States navy, has been informed by First Secretary Allen of the intention of the navy department to retire him on May 5 for age. The communication also informed Admiral Stewart that he would go on the retired list under two sections of the personnel law, which assures him the rank and pay of a rear admiral.

Worked a Sympathy Trick.

Havana, May 2.—Laconte, the discharged soldier from the artillery regiment, who has been going about Havana with his head bandaged, claiming he was shot by a police officer and asking for sympathy from members of his old regiment on that ground, was examined in the police court. Neither wound nor bruise was found upon him.

PRESIDENT MCKINLEY

Visits Vice President Hobart Whom He Found Improved.

Washington, May 2.—President McKinley and party returned to Washington, reaching the White House at 7:40 a. m. There were in the party only the president, Mrs. McKinley, Assistant Secretary Cortelyou and the members of the White House staff, who accompanied the president throughout the trip.

The president's first act after reaching the executive mansion was to call on Vice President Hobart. He was returning alone and on foot just as a corporal and five enlisted men of the One Hundred and Sixty-first Indiana volunteers were leaving the White House. He stopped and shook hands with each of them, saying a few words of welcome and passed on. The president found Mr. Hobart improving and gaining strength.

Pamphlets Barred Out.

Washington, May 2.—The postmaster general has directed the postmaster at San Francisco to take out of the mails for Manila three pamphlets issued by Edward Atkinson of Boston, vice president of the Anti-Imperialistic league. This order does not apply to the circulation of the pamphlets by mail in this country, but bars their dispatch from this country to the Philippines, discontent and even mutiny among the soldiers being stated by the department to be the design of these publications. The three pamphlets are specifically described, and in no circumstances are they to be forwarded by mail to the Philippines.

Liable to Penalty.

Washington, May 2.—The absentees from the cabinet meeting were Secretaries Gage, Long, Alger and Wilson. One of the subjects of discussion was the circulars which were mailed to the troops at Manila criticising the Philippine policy of the government and advising voters whose term of service is about to expire not to re-enlist. A member of the cabinet in speaking of the matter said Mr. Edward Atkinson of Boston, who is believed to have been largely instrumental in the preparation and sending out of these circulars, was unquestionably guilty of assisting an insurrection against the authority of the United States, and was subject to a term of imprisonment or a heavy fine, or both.

Railroad Plant Sold.

New Orleans, May 2.—Under a decree of the United States circuit court in the matter of the Fidelity Trust and Safety Vault company against the Crescent City Railroad company, the track and plant of the road were sold. The property was bought in by President R. M. Walmsley of the Louisiana National bank, representing a reorganized company. The purchase price was \$3,000,000. The sale places the bonds of the company at par. The bonds sold some months ago at 70.

Release of a Prisoner.

Washington, May 2.—Secretary Hay was formally notified of the release, by the Spanish garrison at Ponape, in the Caroline islands, of a naturalized American citizen named Melinder, held as a prisoner of war since last summer. Mr. Melinder is a merchant trading in the Carolinas, and represents a San Francisco firm there. He avowed his American citizenship soon after the war began and expressed sympathy for the American government. He was arrested and held as a prisoner of war.

Silver Service For Kentucky.

Louisville, May 2.—The contract to furnish the silver service for the battleship Kentucky was given to a Philadelphia firm, at a cost of \$6,000. The service will be composed of more than 70 pieces, and next to those of the battleship Indiana and cruiser New York, will be the handsomest on any ship in the United States navy. The service will be ready for presentation when the Kentucky puts to sea in November.

Doubted by Ohio Iron Men.

Youngstown, O., May 2.—The probability of the formation of a gigantic combine outlined by the New York dispatch is doubted by the iron and steel men of this city. Members of the Republic Iron and Steel company here say there is no truth in the story so far as the Republic Iron and Steel company is concerned.

Gould's Yacht Sails.

The squadron is to remain in the harbor till the end of the month, when it is to go to Newport, R. I., and from there will begin its summer cruise.

The resolutions adopted protest against the word "male" in the suffrage clause proposed for the Hawaiian legislature, recommends a committee to investigate the conditions in the island colonies, and congratulates the women of Kansas on their increased vote.

Colonel Funston Promoted.

Washington, May 2.—The president has appointed Colonel Frederick Funston of the Twentieth Kansas a brigadier general of volunteers. This appointment was recommended by Major General MacArthur and supplemented very strongly by General Otis in a cable dispatch received Monday. General MacArthur said that the services of Colonel Funston during the campaign, and especially in the crossing of the Rio Grande river, deserve recognition such as his promotion to be a brigadier general, also that as a leader of troops Colonel Funston was especially valuable.

Election at Baltimore.

Baltimore, May 2.—The first election under Baltimore's new city charter was held under pleasant skies and amid intense interest. The principal opposing candidates for mayor are William T. Maister, the Republican incumbent, and Thomas G. Hanes, Democrat. A city council and a city controller are also to be elected. The purpose of fixing the election of city officials in May was to divorce, as far as possible, municipal from state and national elections.

WEEKLY CROP REPORT.

Weather Conditions Have Been Favorable For All Farm Work—Outlook For Wheat, Corn and Tobacco.

The past week has been very favorable to all agricultural interests. The temperature for the week averaged considerably above the normal and there was abundant sunshine. During the first of the week all parts of the State were visited by nice showers; these were of great benefit in the eastern portion, where the ground was getting too dry to plow. Farm work progressed rapidly. Plowing for corn is well along and probably about half the crop is now planted. Winter wheat shows great improvement, and some fields that looked like failures now bid fair to give something of a yield. Tobacco land is being prepared as rapidly as possible and the young plants are doing well. Clover is doing very well. Pastures have continued to improve. Gardens are doing well; early vegetables are coming up nicely. Apples, pears, cherries and plums are in full bloom, and prospects are favorable for a good fruit crop except peaches and blackberries.

River News.

The Queen City did a big business on her down trip this week. Keystone State due down this evening and Stauley to-night. Bonanza up for Pomeroy. Mr. JAMES L. FINERTY and Miss Lottie Britten, both of this city, were married last evening at the Catholic Church. The river is getting very low at headwaters. Less than three feet now on the marks at Pittsburgh, and unless a good rain falls soon the large through packets will have to quit.

"ATTER-DARK" SONS.

An Old Offender Again in Trouble—Had Been Out of Jail Only Two Hours When Arrested.

"Atter-Dark" Sons was in the Police Court Tuesday, charged with petit larceny, and was sent to jail in default of \$100. He is accused of stealing a coat at the St. James Hotel. He had been out of jail only about two hours, when the alleged theft was committed.

Sons has of late years served one term in the pen, and since his release from that institution has spent most of his time in the jail. He is rarely ever out of jail longer than two days at a time, stealing most anything he can get his hands on. A stove, half of a hog, two hams and a goat are some of the articles he has "appropriated" in the last few months. Six months or a year at hard labor might do him some good.

Dr. C. C. Cohurn, S. S. delegate to Sharpsburg, reported to the school on Sunday last that the convention was quite a success, the delegates were much delighted with the hospitality of the people and the cause flourishing all over the district.

Rev. Ulrich was greeted by a large and appreciative audience on Sunday evening at the Christian Church. At the request of the lodge of K. of P. his discourse was principally devoted to the principles, designs and practices of that live and flourishing order. His oration was especially fine and we hope the members of the order will remember that "there is a friend that sticketh closer than a brother."

A Curtain Lecture

Begins Thursday and will last three days. It is a practical lecture that by sheer force of merit will compel people to say, it's what we determined to make it, the greatest Lace Curtain sale that ever took place here. Losing money to do it and not afraid to—every odd pair and all the small lots, no matter how fine or inexpensive are to be cut in price. We have gathered in greater quantities for this sale than ever before, and in gathering largely we gathered well. Quantity is a great factor in hammering down prices. We share the gain with our patrons. Are you interested? You certainly will be if you see the Curtains and we'd better like to have you. It costs nothing to look. This test as far as it goes gives some idea of our offerings:

1. Pure White Curtains with double thread center. Pretty floral border separated from center and edge by a two-inch stripe of fancy net inclosed in narrow lines of plain mesh. Large and handsome. Each is 58x126 inches. A full \$1 worth at 79c. each.
2. A very pretty White Curtain in Brussels effect—light and airy—53 inches wide, 34 yards long, patent edge, double thread mesh, at 95c. each.
3. Extra attractions in a Nottingham Curtain in ecru and white Irish point effect, showing 16 inch border, lengthwise mesh, threads double. You couldn't find more goodness, appearance and size in Curtains at like price, \$1.19.
4. Pretty Swiss Muslin Curtains with insertion and edge of lace, ruffled. These are dainty window "dresses" for dining, sitting and bed rooms, \$3.95. Don't think because popular prices alone are mentioned, more exclusive tastes will not be greeted. Curtain beauties at \$3.89, \$5, \$7.50, \$10 are here for you. No woman with even the remotest idea of curtain can afford to miss this event.

LOUISVILLE TOBACCO MARKET.

Offerings Were Small Last Week—Prices Remain Firm and Trade Active For All Grades.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 2,558 hhds. with receipts for the same period 1,854 hhds. Sales on our market since January 1st amount to 68,408 hhds. Sales of the crop of 1898 on our market to this date amount to 70,146 hhds.

The offerings continue comparatively small and the market remains firm and active for all grades, with some additional improvement over that reported last week for the medium to good grades of red leaf. These grades have been from 50 to 75 cents higher than at any time since the opening of the season. Sales of good to fine leaf were made during the week at prices ranging from \$12 to 17.25. It is not expected that there will be any increase in receipts until farmers catch up with their spring work.

Keeping the Lead

In selling Clothing. There is not much difficulty in keeping in the lead when you once know how, and this explains the lead of Martin's Clothing. We learned how long ago; knew the people wanted the best. All this takes time and constant watchfulness in making our Clothing what it is, but the results show what the efforts mean.

The Lowest Price For the Best Quality is What We Offer.

Our best customers are those who have known us longest. Good goods to begin with; low prices to conclude with. A low price unbacked by quality is a delusion and a snare. The difference between our Clothing and the "other fellows" is what sells ours. Our goods are their own best arguments. Satisfaction isn't the exception, but the rule. An inspection of our Spring Clothing will convince you of its superiority to all other, and yet we sell cheap. People who know admit of their superiority; those who do not know can find out by investigation and comparison. There's no surer way than this. Let us assist you.

MARGARET REID KACKLEY.

The American Prima Donna Recently
Scored a Fresh Triumph in
Belgium.

[Munsey's Magazine for May.]

In our own country it is considered a sufficiently severe trial for an artist in opera to subject himself or herself to the judgment of the newspaper critics, but in Belgium a still more fearsome ordeal awaits the singer who wishes his engagement with one of the national theaters to be ratified. The candidate is accorded three appearances, in as many different roles, and then, at a meeting in the foyer of the opera house directly at the close of the third performance, certain city and government officials and members of the theater management assemble to cast their votes as to the desirability of retaining the newcomer on the roster.

Such an experience fell to the lot of an American soprano last November in Liege. Margaret Reid (Kackley) of Indianapolis, who has been singing on the continent and with Grau at Covent Garden for the past three seasons, had been recommended to the director of the Liege opera by the manager at Mons, another Belgian town where she had appeared on several occasions during the previous winter. She was sent for from Paris and made her debut as Marguerite in "Faust." The second test was made in "Traviata," and the third as Ophelia in "Hamlet." Then came the solemn casting of ballots to decide whether this American singer should be formally engaged as the first lady of the company for the remainder of the season.

There were 175 ballots cast, 117 being necessary to elect. One of the two men whose *metier* was taken at the same time with Miss Reid, scraped through by the skin of his teeth, receiving 118 votes, while the other had a few less. Miss

Ried, on the other hand, was triumphantly elected by a unanimous vote. Grand opera in Belgium, it may be added, is sung in French, the polite language of the country.
